

Angela Beth Moran left not only a profound memory in our hearts on Tuesday, April 2, when by a sleep we say she ended the heartache and the thousand natural shocks that flesh is heir to; for some a consummation devoutly to be wished, but for her family and friends the heartache of her passing shall abound indeterminably.

She was a member of Elkton's *Public Service Team* since 1985 and was an indispensable member of our Finance Department for all those decades of her service. This is not an obituary, but a salute to her stature as a valued friend and co-worker whose passing has left an indelible mark on us all.

Lewis George,
Town Administrator
