

Envision a Bicycle Friendly Elkton

Elkton Bicycle Plan

YOU ARE INVITED TO ATTEND A PUBLIC WORKSHOP

Wednesday, June 16, between 4 - 7 p.m.
Elkton Town Hall, 1st floor
100 Railroad Avenue, Elkton, Maryland

The *Elkton Bicycle Plan* seeks to improve quality of life for residents and visitors by expanding the transportation system to include safe and convenient choices for bicycle commuting and recreation. A proposed bicycle network will connect cyclists to the downtown, residential areas and other key destinations.

Your input is needed to help develop recommendations for your Town. Visit at your convenience to discuss the plan's goals, the proposed bicycle network, and other improvements such as bike parking, signage, and safety education. A presentation will be made during the Mayor and Commissioners meeting at 7 p.m.

UNABLE TO ATTEND?

- Attend our virtual public workshop online at www.wilmapco.org/BikeElkton from June 9 to July 7
- Visit the plan's webpage for more information and to submit your comments
- Call WILMAPCO to arrange a presentation to your organization or civic association
