

# Service Changes

**Effective Nov. 7, 2022**

**Same Day Collection for Trash & Recycling**

Place your trash and recycling containers out on your service day.

**New Service Route (See Map on Reverse)**

We will service Elkton on Monday, Tuesday and Thursday to continue to provide the community with efficient service.

**Container-Only Collection**

We are moving to a container-only collection to continue to keep your neighborhood safe and clean. Bags outside of containers are vulnerable to the weather and pests and can pose health and safety concerns. **Bags or materials outside of your container will no longer be collected.**

## RECYCLE RIGHT

**Some recycling actions make a bigger impact than others. Remember these three basic rules the next time you recycle:**

Recycle empty and dry bottles, cans, paper and cardboard.

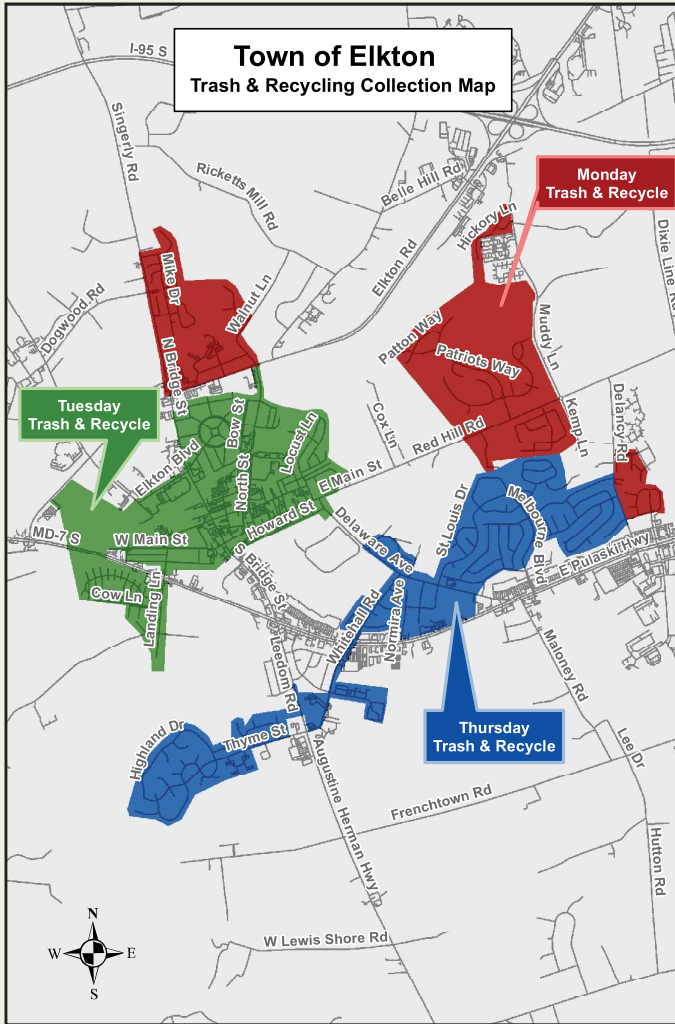

Keep food and liquid out of your recycling.

No loose plastic bags and no bagged recyclables.
